Alphabetical Listing of MRI Grantees: Last Updated August 2020

The following is a list of cities and towns in Massachusetts that are or have been part of the State's Mattress Recycling Incentive (MRI) grant program, which funds mattress recycling and related costs for up to two years. You will note that some municipalities are listed as a "past grantee". Although they are no longer in MassDEP's formal program, most (if not all) still collect and recycle mattresses from residents. Contact your local Department of Public Works (DPW) or Board of Health (BOH) for additional information.

Note: This list does not include "regional participants" in another municipality's grant program. Although they may have access to mattress recycling through another city or town, they are not considered the grantees. The accompanying Map highlights these additional municipalities in green.
